ACT for Alexandria (ACT) is a community foundation that supports and encourages nonprofit excellence and strengthens leadership within nonprofits by investing in infrastructure based programs and organizational needs. ACT has invested more than \$800,000 in capacity building grants to Alexandria nonprofits since 2005.

In response to feedback from our Listening & Learning Tour, this year, ACT will be piloting a spring and fall grant cycle. This will provide nonprofits the opportunity to determine which grant cycle works best for their organization. All applications must be submitted online through Foundant, our grants management system.

The Performance Imperative framework and conversations during the Listening & Learning Tour have helped inform the funding priorities for our Capacity Building Grants. We will be focusing on funding requests for:

- Strategic Planning
- Pillar 1 - Courageous, Adaptive Executive and Board Leadership (board coaching, development, governance, recruitment, training, succession planning, etc.)
- Pillar 4 - Financial Health & Sustainability (fund development planning)

ACT is interested in creating cohorts of learning communities based on each funding priority so organizations can learn from one

ACT Capacity Building Grants, Spring 2017

Accepting Submissions from 04/24/2017 to 05/15/2017

Since 2005, ACT for Alexandria has granted more than \$800,000 to support nonprofit capacity building for 34 Alexandria nonprofits. We believe that strong nonprofit organizations lead to more effective programs and greater community impact. By investing in these organizations, we have helped strengthen the leaders, systems, and plans that enable nonprofits to pursue and achieve their missions.

The [Performance Imperative](#) framework and conversations during the [Listening & Learning Tour](#) have helped inform the funding priorities for our Capacity Building Grants. We will be focusing on funding requests for:

- Strategic Planning
- Pillar 1 - Courageous, Adaptive Executive and Board Leadership (board coaching, development, governance, recruitment, training, succession planning, etc.)
- Pillar 4 - Financial Health & Sustainability (fund development planning)

ACT is interested in creating cohorts of learning communities based on each funding priority so organizations can learn from one another and ACT can share these best practices with other nonprofits and the donor community.
