

Whether you've lived in Del Ray for ten years or in Old Town for two, people like **YOU** are ACT for Alexandria's most important partners.

**With the continued support of the community, ACT has responded to the critical needs of Alexandria residents for more than 12 years.**

Last year was no exception. ACT supporters helped distribute an incredible **\$1,367,625 in grants** in 2015 to nonprofits addressing hunger, health care, education and other issues. ACT also encouraged **more than 9,000 donors** to contribute to Spring2ACTion, raising an additional **\$1,276,909 in just 24 hours.**

These funds – and the many other efforts of ACT supporters – touch countless residents and families in need. Such results show the power that individuals like

you can have when they join together to create real solutions that lead to meaningful, lasting change in Alexandria.

On behalf of ACT's staff and board of directors, we **thank you** for being an invaluable part of ACT's **community of solvers.**

President & CEO

Lynnwood Campbell, an ACT board member and charitable fund holder, partners with ACT to find solutions for issues close to his heart. In 2015, he helped seniors get food for their pets by opening the AniMeals fund at ACT. The Animal Welfare League of Alexandria and Senior Services of Alexandria now team up to deliver this valuable service for seniors and their furry companions every month.

**HERE'S HOW YOUR SUPPORT HELPED ACT ADDRESS ISSUES IN 2015:**

**Provided leadership and expert advice** on charitable giving in our community.

**Coordinated 80 ACT charitable funds** to address challenges in Alexandria and beyond.

**Strengthened the leadership skills of 220 local nonprofit executives.**

**Awarded \$1,376,625 in grants** to nonprofits providing food, shelter, health, education and related services.

**Convened groups working to solve important citywide issues,** such as hunger, early care and education.

**LET'S KEEP THE SOLUTIONS COMING.**

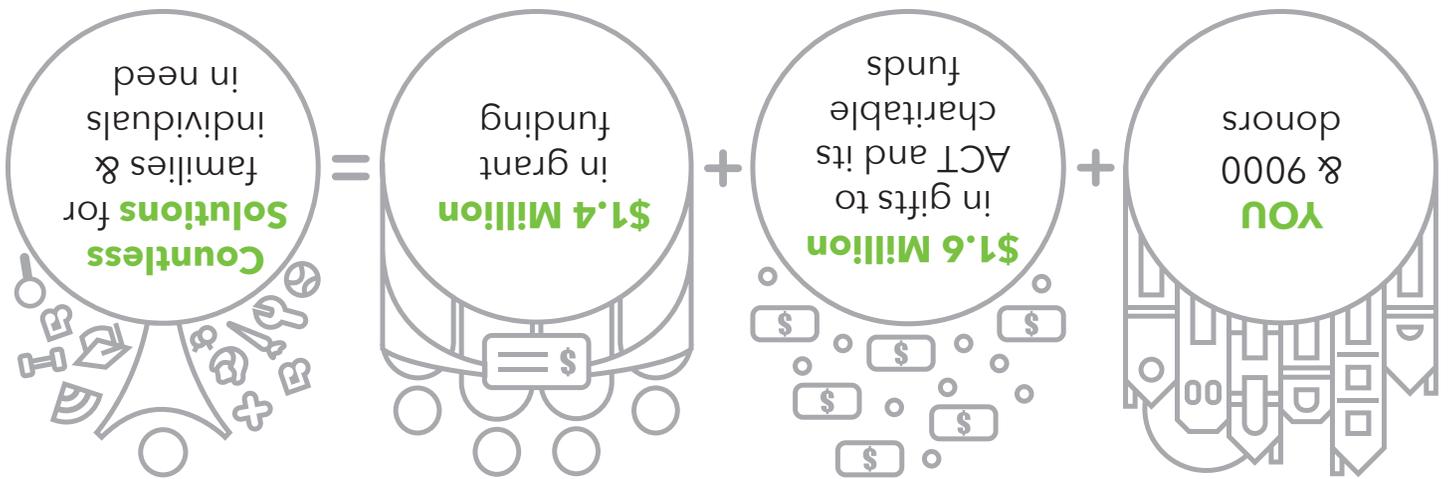

**As a vital member of ACT's community of solvers, the future is in your hands.** Alexandria families continue to face increased housing and child care costs. The demand for mental and behavioral health care is rising. We must remain committed to working together to meet our community's basic needs. We're grateful to serve alongside such dedicated, caring people who understand that our shared goals are always evolving and that, beyond giving, we need strategic solutions. Thank you for your support! We look forward to working together to bring real change to Alexandria.
