Investing in the early years of a child’s life is investing in our community’s future. ACT; the Alexandria Children, Youth and Families Collaborative Commission; and the Bruhn-Morris Family Foundation have come together to create the Early Care & Education Workgroup to educate and engage the community about the importance of addressing the needs of children in their formative years to allow them the opportunity to grow, develop and perform to their potential.

As part of our vision, we have recently launched the Early Care & Education Fund to provide the Workgroup with the research, resources and support needed to expand opportunities for all of Alexandria’s children.

To learn more about this important community leadership initiative, including how to donate to this fund, please visit our website at www.actforalexandria.org/early-care-education.
