Discussion Questions

1. **What are your initial reactions to the survey and research results?**

2. **What is missing? What else should we know?**

3. **Based on the information shared, what should the priorities and next steps be for the Seamless Support group? *(Please be as specific as possible and focus on tangible action steps that are likely to be within the control of existing organizations in the city (i.e., yours or others).***

4. **Is there anything else you would like to share?**

5. **Please include your contact information so we can follow up with any additional questions.**
